**DAVID AND MARGARET FOSTER FAMILY AGENCY CONTRACT COMPLIANCE
MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of David and Margaret Foster Family Agency (the FFA) in November 2012. The FFA has one licensed office in the Fifth Supervisorial District, and provides services to County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, its mission is "In partnership with others, will provide therapeutic foster care services to children and families to protect, nurture and advocate on behalf of children and youth who have been abused and/or neglected and are removed from their families."

At the time of the review, the FFA supervised 39 DCFS placed children in 32 certified foster homes. The placed children's average length of placement was 16 months, and their average age was six.

SUMMARY

During OHCMD's review, the interviewed children generally reported: feeling safe at the FFA; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with nine of 11 sections of our program compliance review: Certified Foster Homes; Facility and Environment; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medications; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children and Personnel Records.

"To Enrich Lives Through Effective and Caring Services"

OHCMD noted deficiencies in the area of Licensure/Contract Requirement and Maintenance of Required Documentation and Service Delivery related to one physical plant deficiency and the failure of the FFA's social workers to develop initial Needs and Service Plans (NSPs) in a timely manner.

Of noteworthy mention, three of the four certified foster parents interviewed stated the FFA provided them with outstanding support and services. The length of certification for these three foster certified parents ranged from eight months to seven years with the FFA.

Attached are the details of our review.

REVIEW OF REPORT

On December 13, 2012, the DCFS OHCMD Monitor, Thomas Manning, held an Exit Conference with the FFA representative Deena Robertson, Foster Family Agency Program Manager. The FFA's representative: agreed with the review findings and recommendations; was receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD will confirm that these recommendations have been implemented during our next monitoring review.

If you have any questions, your staff may contact me or Aldo Marin, Board Relations Manager, at (213) 351-5530.

**DAVID AND MARGARET FOSTER FAMILY AGENCY
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the November 2012 review.

The purpose of this review was to assess David and Margaret FFA's (the FFA) compliance with the County contract and State regulations and included a review of the FFA's program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, six children were selected for the sample. Out-of-Home Care Management Division (OHCMD) interviewed five of six children. One child was not interviewed due to her age as she is non-verbal. However, the monitor observed and interacted with this child to assess her for appropriate milestones as well as her interaction with her certified foster parent. We reviewed six children's case files to assess the care and services they received. Additionally, five discharged children's files were also reviewed to assess the FFA's compliance with permanency efforts. At the time of the review, two placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed four certified foster parent files and five staff files were reviewed for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with four certified foster parents to assess the quality of care and supervision provided to children.

CONTRACTUAL COMPLIANCE

OHCMD found the following two areas to be out of compliance.

Licensure/Contract Requirement

- One certified foster home visited was cited by Community Care Licensing for a physical plant deficiency. A smoke alarm detector was not working, a metal enclosure and a dog's bed were in the hallway leading to the certified foster mother's room, and one foster child's bedroom door had holes in it. This was immediately brought to the FFA's attention and subsequently corrected.

Recommendation

The FFA's management shall ensure that:

1. All certified foster homes are free of physical plant deficiencies.

Maintenance of Required Documentation and Service Delivery

- OHCMD noted that five initial Needs and Services Plans (NSPs) were not timely and were not signed by the DCFS Children's Social Worker (CSW). The FFA Administrator reported that she would ensure all Initial NSPs are timely and signed by the DCFS CSW.

Recommendation

The FFA's management shall ensure that:

2. All of their Foster Family Social Workers (FFSWs) are re-trained to begin preparing the Initial NSPs at the start of placement and complete them within the 30-day timeframe.
3. All of their FFSWs are re-trained to ensure that the Initial NSPs are signed by the DCFS CSW.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

OHCMD's last compliance report dated August 2011, identified ten recommendations.

Results

Based on our follow-up, the FFA implemented eight of the previous ten recommendations for which they were to ensure that:

- Certified Foster Parent participated in development of NSPs.
- Treatment team developed comprehensive initial NSPs.
- Treatment team developed timely NSPs with the child.
- All children received required therapeutic services.
- All recommendations on required assessments were implemented.
- Treatment team developed timely updated NSPs.
- All age appropriated children were involved in selecting their clothing.

- All Certified Foster Parents encouraged children to update their life book.

Two recommendations were not implemented:

- DCFS CSW's signatures were not obtained on Initial NSPs.
- Treatment team did not develop timely Initial NSPs.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal review of the FFA has not been posted by the Auditor-Controller.

Re: Compliance Report Review Calendar Year 2012 Corrective Action Plan
Findings received 1-16-2013 for review.

In response to the following:

Licensure Contract Requirement Finding

One certified foster home visited was cited by CCL for a physical plant deficiency. A smoke alarm detector was not working, a mental enclosure and a dog's bed were in the hallway leading to the Certified Foster mother's room, and one of the foster children's bedroom door had holes in it. This was immediately brought to David and Margaret FFA's attention and subsequently corrected.

- All foster homes are free of physical and plant deficiencies
- FFASWs will be retrained regarding physical plant requirements by 3/4/13

Maintenance of Required Documentation and Service Delivery

We noted that five initial Needs and Services Plans (NSPs) were not timely and were not signed by the CSW. The FFA Administrator reported that they would ensure all initial Needs and Services Plans are timely and signed by the CSW.

- Once a child is placed our agency will not wait until the 30 days to complete the initial reports. Our administrative assistant will change the due dates to reflect two weeks after they are placed. After the report is sent by the administrative assistant if we have not received the signature sheet signed by the social worker we will proceed with the documented three phone calls to the CSW to insure compliance. It should be noted that some of the CSWs do not return the signature sheet or our phone calls. But we will endeavor to document our attempts in file to try and get the approved signatures.
- FFASW's will be retrained to begin preparing the initial Needs and Services plan at the start of placement and to complete them within the 30 daytime frame by 3/4/12.

Children, youth and families gaining strength, sharing hope and embracing tomorrow.

Page 2

- The administrative assistant will be retrained to ensure that the NSP signature page is returned signed by the CSW; if not the documentation process will be followed by 3/4/12.
